Prior to the call of the Mount Pearl North by-election, several legislative changes were implemented and are outlined below, followed by the report on the administration of the Mount Pearl North by-election.

LEGISLATIVE CHANGES

A Supreme Court ruling on September 6, 2017 by Justice Gillian D. Butler declared Special Ballot voting, as it was outlined in sections 86 to 86.10 of the *Elections Act, 1991*, unconstitutional and, therefore, null and void.

As a result, amendments to the *Elections Act, 1991*, were passed in the House of Assembly on October 19, 2017. These new legislative provisions, which were in effect for the Mount Pearl North by-election, include:

- (a) Polling day must not be less than 28 clear days from the date of proclamation nor more than 35 clear days; previously polling day could not be less than 21 clear days nor more than 30 clear days from date of proclamation;
- (b) Nomination day is the 8th day after proclamation; previously nomination day was the 10th day before polling day;
- (c) A registered party, candidate, person, corporation or trade union is not permitted to advertise on facilities of a broadcasting undertaking on polling day or the day prior to polling day. Previously, advertising during the writ period was only permitted during the 21 days immediately preceding the day before polling day;
- (d) With respect to Special Ballots, where a Special Ballot does not list the name and political affiliation of each candidate, the Special Ballot kit must include a document with the name and political affiliation of each candidate; previously there was no requirement to include a list of candidates and party affiliations if any with the voting kit;
- (e) Where the Special Ballot does not list the name and political affiliation of each candidate, the elector must mark the Special Ballot in the space provided with the

name of the candidate or the name of the candidate and the political party; previously both ways of marking were accepted in addition to only the name of the political party printed on the ballot; and,

- (f) Some administrative timelines for the counting of Special Ballots were amended to remove certain prescriptive language and provide the Chief Electoral Officer more latitude to administer electoral procedures.

Official Addition of the Votes

At the time of the by-election call, the distribution of seats in Newfoundland and Labrador was: 30 Liberals, two New Democrats, six Progressive Conservatives, one Non-Affiliated and one vacancy. Nominations for the Mount Pearl North by-election closed on Tuesday, October 31, 2017 at 2:00 p.m. Four candidates were officially nominated: one each from the Liberal, New Democratic and Progressive Conservative Parties and one Non-Affiliated candidate.

Operating in line with the amendments to the *Elections Act, 1991*, applications for Special Ballots were accepted at both the district Returning Office and at Elections Newfoundland and Labrador headquarters prior to the close of official nominations and up until the deadline for application. Additionally, due to the new legislation, Special Ballot voting was prohibited until the day after the close of nominations, so although applications were accepted and filed prior to that date, the Special Ballot kits were not mailed out to electors until that deadline had passed.

A total of 225 Special Ballot applications were approved and

processed. The distribution of Special Ballot votes was as follows:

- 118 votes cast at the district Returning Office
- 16 votes cast at Elections Newfoundland and Labrador headquarters
- 81 residents voted by Special Ballot at three personal care homes on Thursday, November 9, 2017
- Nine patients who were residents of the Mount Pearl North district voted by Special Ballot at four hospitals on Wednesday, November 15, 2017
- Five Special Ballots were rejected
- One Special Ballot kit was not returned to Elections Newfoundland and Labrador headquarters by the deadline

For the first time in many years, the Chief Electoral Officer added a second day of Advance Poll voting to include the opportunity to vote on a Saturday. Advance Poll voting was offered at three polling stations, all of which were located in the same building. A total of 566 votes were cast on the first day of Advance Poll voting and 480 votes were cast on the second day for a combined total of 1,046 advance votes.

At the close of polls on by-election day, a total of 4,419 electors out of 10,220 eligible electors on the final list of electors had voted, resulting in a voter turnout of 43.24 percent. Preliminary results reported on by-election night declared Jim Lester, Progressive Conservative candidate, the member-elect for the district of Mount Pearl North.

The Official Addition of the Votes took place on Friday, November 24, 2017 at 9:00 a.m. Mr. Lester was confirmed as the candidate with the most votes and was declared elected with the return of the completed writ of election on Thursday, December 7, 2017. Mr. Lester was sworn in as a member of the House of Assembly that same day.

Expenditures on the Mount Pearl North by-election were \$107,690, exclusive of grants and subsidies payments. Salaries and wages to Election Officials accounted for \$69,725 of the expenditures, while the remaining \$37,965 was for purchased services and other election expenses.

BOUNDARIES AND POLLING STATIONS

The boundaries for Mount Pearl North were the same as those used in the 2015 Provincial General Election. There was a total of 41 polling divisions in the district comprised of 37 regular polling divisions, three Advance Polls and one Special Ballot poll. A number of streets in several polling divisions had minor reconfigurations and two new streets were added. A listing of the polling divisions and their boundary descriptions (Appendix A), along with a map of the electoral district showing the polling division boundaries (Appendix B), are included in this report.

METHODS OF VOTING

SPECIAL BALLOT VOTING

Special Ballot applications were available to electors on the Elections Newfoundland and Labrador website, by mail, at Elections Newfoundland and Labrador's headquarters in St. John's and at the district Returning Office in Mount Pearl.

Beginning on November 1, 2017, electors were able to vote by Special Ballot by mail, at the district Returning Office and at Elections Newfoundland and Labrador headquarters. Once a Special Ballot application was approved, a Special Ballot voting kit was issued and the applicant was considered to have voted.

A total of 225 votes were cast by Special Ballot in Mount Pearl North. Comparatively, in the 2015 Provincial General Election there were 309 electors who voted by Special Ballot in the district.

A completed Special Ballot voting kit could be returned by mail or dropped off at either the district Returning Office or at Elections Newfoundland and Labrador headquarters by the applicable deadlines specified in the by-election calendar.

SPECIAL BALLOT VOTING: ENL HEADQUARTERS AND DISTRICT OFFICE

Elections Newfoundland and Labrador headquarters and the district Returning Office began to accept completed Special Ballot applications from the date of the writ issue (Monday, October 23, 2017) to the deadline of 6:00 p.m. on Friday, November 17, 2017. One extra day was provided at both Elections Newfoundland and Labrador headquarters and at the district Returning Office to allow for the timely return of completed Special Ballot kits. Administrative deadlines must be in place and adhered to in order to provide sufficient time for the application to be completed and approved, and to allow adequate time for the ballots to be returned by mail or in person in time for counting.

SPECIAL BALLOT VOTING: HOSPITALS

Special Ballot voting was offered to residents of the Mount Pearl North district in four different hospitals on Wednesday, November 15, 2017.

A representative from Elections Newfoundland and Labrador and a facility representative arranged for the hospital visitations with two appointed Special Ballot Officers offering and conducting the bedside vote. The hospital Special Ballot vote resulted in a total of nine cast ballots.

Special Ballot voting was offered in three personal care homes in the Mount Pearl North district on Thursday, November 19, 2017.

A representative from Elections Newfoundland and Labrador, the Returning Officer and a facility representative arranged the vote. Two appointed Special Ballot Officers set up either a stationary poll in a fixed location, moved from bedside to bedside, or used a combination of both (depending on the facility) to conduct the vote.

The personal care home Special Ballot vote resulted in a total of 81 cast ballots.

ADVANCE POLL

Advance Poll voting was held in the Mount Pearl North district on two days: Wednesday, November 15, 2017 and Saturday, November 18, 2017, both days from 8:00 a.m. to 8:00 p.m. Advance Voting took place at three polls, which were all located in the same facility.

The preliminary list of electors that was certified on October 23, 2017 containing 9,975 electors was used on the first day of Advance Poll voting on November 15, 2017. A second, updated list of electors was certified on November 16, 2017 and contained 10,184 electors. This list was comprised of revisions and updates from both Special Ballot voting and the first day of Advance Poll voting.

Ten election officials were hired, trained and employed for the Advance Polls.

The Advance Poll results were as follows:

- 566 votes cast on the first day of Advance Poll voting (Wednesday, November 15)
- 480 votes cast on the second day of Advance Poll voting (Saturday, November 18)
- 1,046 total votes cast (two Advance Polls combined)
- One rejected ballot (which resulted in a total of 1045 valid ballots)

Comparatively, during the 2015 Provincial General Election there were 932 votes cast during Advance Polling in the district of Mount Pearl North, with two rejected ballots for a total of 930 valid votes cast.

BY-ELECTION DAY

Regular poll voting took place on Tuesday, November 21, 2017 from 8:00 a.m. to 8:00 p.m. at 37 polls within eight different locations. There were 4,401 valid ballots cast in the by-election. This compares with 6,061 valid votes cast in the same district during the 2015 Provincial General Election.

ELECTOR PARTICIPATION

The preliminary list of electors for Mount Pearl North, certified by the Chief Electoral Officer on October 23, 2017, contained a total of 9,975 registered electors.

The revision period took place from Monday, October 23, 2017, to Saturday, November 18, 2017. During this period, electors were verified, updated, or added to the list as a result of various revision activities. These activities included swear-ins from documentation received from the City of Mount Pearl's 2017 Municipal Election, as well as ongoing list maintenance. Other revisions and swear-ins resulted from both days of Advance Poll voting and through Special Ballot voting at personal care homes, hospitals, the district Returning Office and at Elections Newfoundland and Labrador's headquarters.

Voter information cards (VICs) were mailed to each elector on the preliminary list of electors. The receipt of these cards prompted calls to Elections Newfoundland and Labrador headquarters to verify, update, and/or add elector data accordingly. After all revisions and updates were made to the list there was a total of 245 electors added to the final revised list

of electors used on polling day for a total of 10,220 electors.

The table below illustrates voter turnout in by-elections over the last 10 years. Eligible voters includes the List of Electors and swear-ins. Note that voter turnout is rounded to the nearest tenth of a percent.

OFFICIAL ADDITION OF THE VOTES

In accordance with s. 153 of the *Elections Act, 1991*, the Official Addition of the Votes must take place three days after polling day. In the case of the Mount Pearl North by-election, the Official Addition was held on Friday, November 24, 2017 at 9:00 a.m. at the Returning Office in the presence of two witnesses.

During the official addition process, the Returning Officer removes the tally sheets from each district ballot box and reviews them to ensure the accuracy of the calculation of vote totals.

The conclusion of the Official Addition of the Votes confirmed the election of Progressive Conservative candidate Jim Lester, but did result in his overall vote count decreasing by one vote.

RETURN OF THE WRIT

Section s. 163(1) of the *Elections Act, 1991* requires a waiting period of 12 clear days between the conclusion of the official addition and the return of the writ of election. This provides sufficient time for a candidate, voter or district officer to request a judicial recount. A recount was not requested. As a result, the writ of election was returned to Elections Newfoundland and Labrador on Thursday, December 7, 2017 and the Progressive Conservative Candidate, Mr. Jim Lester, was sworn in that same day.

OBSERVATIONS AND RECOMMENDATIONS OF THE CHIEF ELECTORAL OFFICER

SPECIAL BALLOTS

Based on observations made during the Mount Pearl North by-election, Elections Newfoundland and Labrador has determined that outreach activities relating to Special Ballot voting will need to be conducted prior to the next General Election in 2019. There was insufficient time to undertake such a campaign between the implementation of new Special Ballot rules in the *Elections Act, 1991*, and the writ date for the Mount Pearl North by-election.

For the next provincial election, electors will need to be reminded

that they continue to have the ability to vote by Special Ballot but that the process has changed. It is Elections Newfoundland and Labrador's responsibility to inform electors of how, when and where to vote, including instructions on the various voting options that are available to them.

VOTING AT PERSONAL CARE HOMES

With the changes to legislation for Special Ballot voting, the Chief Electoral Officer chose to distribute a regular ballot instead of a blank, write-in ballot for electors who wished to vote by Special Ballot. Use of a regular ballot was well received by electors who voted by Special Ballot and it was easier to count and scrutinize when the count of Special Ballots was conducted.

Historically, Special Ballot voting has yielded a higher rate of ballot rejection than regular poll voting, likely due to the use of a write-in ballot. By using a regular ballot for the Mount Pearl North by-election it was expected that the rate of rejected ballots would decrease. What Elections Newfoundland and Labrador observed however, was that the rate of rejected ballots increased during this by-election in comparison to the 2015 General Election. Elections Newfoundland and Labrador counted 5 out of 224 Special Ballots as rejected in the by-election (2.23% rejection rate) compared to 4 out of 309 Special Ballots rejected during the 2015 General Election (1.29% rejection rate).

During the count of Special Ballots it was noted that those ballots that were rejected were all due to errors in marking the ballot. There were no ballots rejected for improper declaration forms, incomplete voting kits, etc. Given that regular ballots, and not write-in ballots, were used in the Special Ballot kits, Elections Newfoundland and Labrador expected that the rejection rate on actual ballots would have been nil.

Elections Newfoundland and Labrador suspects that these rejected ballots likely originated from personal care homes. While election staff from the Returning Office prepare as much of the required documentation as possible in advance of a personal care home visit, the completion of a Special Ballot voting kit is still a time consuming and obtrusive process for residents of personal care homes. The Chief Electoral Officer believes that a more simplified approach to voting in personal care homes would be achieved through the use of a mobile poll. Electors in personal care homes could simply mark a ballot and place it in a ballot box, rather than being required to fill out declarations, forms, envelopes, followed by a write-in ballot to

Mount Pearl North

complete, as the current process requires.

RECOMMENDATION: The Chief Electoral Officer recommends that mobile polls be incorporated into legislation to allow for a more simplified method of voting for residents of personal care homes.

ADVANCE VOTING DAYS

Elections Newfoundland and Labrador has observed that the proportion of votes cast at Advance Polls during electoral events is continually increasing. For the Mount Pearl North by-election, the Chief Electoral Officer elected to hold Advance Voting over two days to offer additional opportunities for voters to cast their ballot, specifically providing one of those opportunities on a Saturday.

Based on the distribution of votes during the November 21, 2017 by-election, the addition of a second day of Advance Polling was well received by the electors of the district. Of the 4,401 total votes cast in the by-election, 1,046 votes were cast during the two days of Advance Polls; representing 23.7% of the vote. In contrast, during the 2015 General Election, only 15.4% of votes cast were at the Advance Polls (932 votes of 6,061 total votes).

Going forward, the Chief Electoral Officer will continue to provide additional Advance Voting opportunities for electors during by-election campaigns where it is feasible for Elections Newfoundland and Labrador to conduct multiple Advance Voting days. The *Elections Act, 1991*, does contemplate that multiple Advance Voting days could take place; however, Advance Voting is limited to seven days prior to regular polling day and restricts Elections Newfoundland and Labrador's ability to hold multiple Advance Voting days during a General Election.

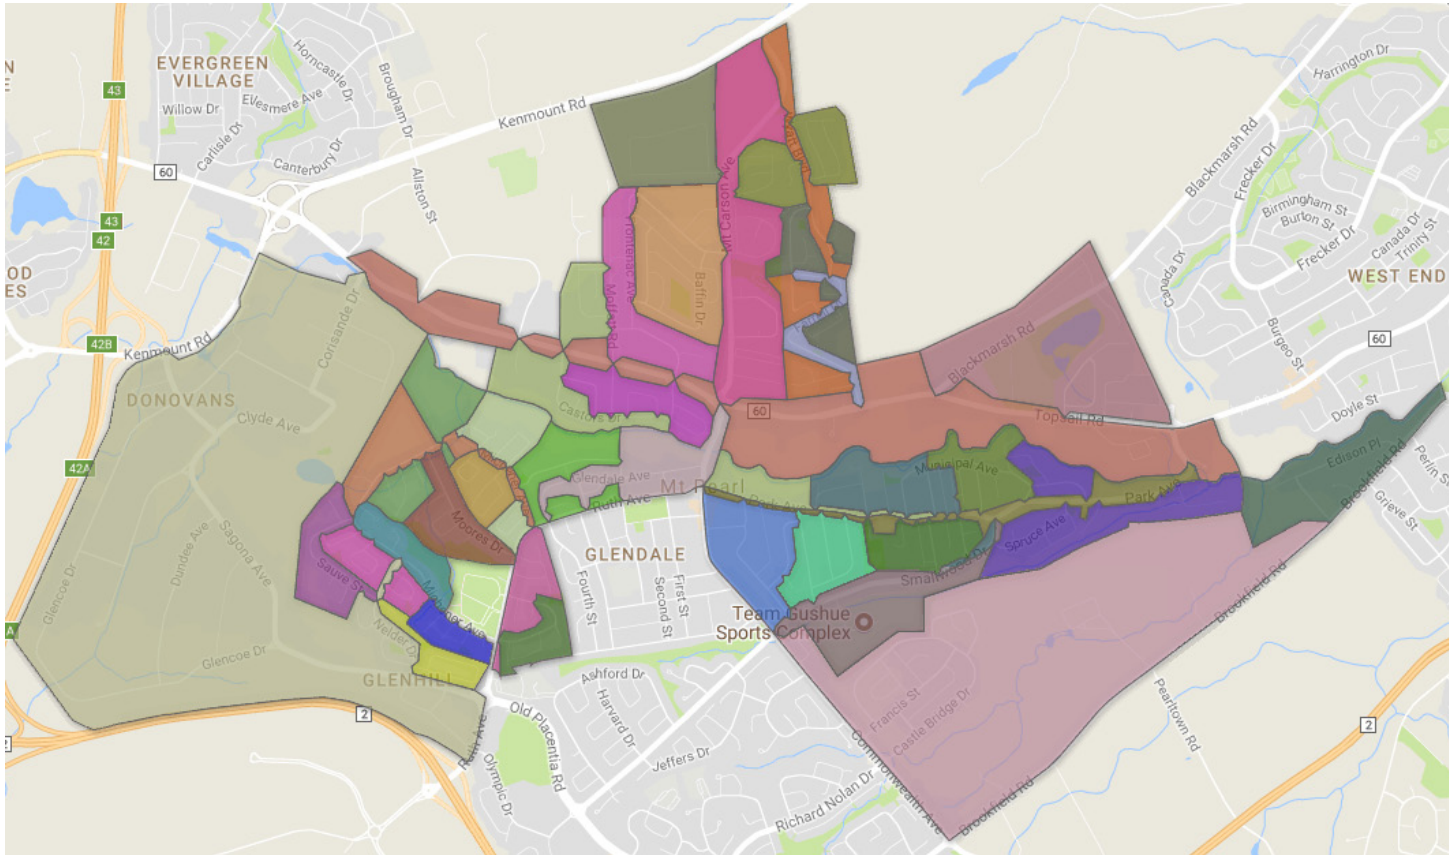

RECOMMENDATION: The Chief Electoral Officer recommends an increase in the number of days that Advance Voting can take place during an electoral event, from seven to thirteen days prior to polling day. This will allow for multiple Advance Voting days to be held in response to an increasing preference to vote during Advance Polls.
